

Saignon

10 October 1986

Dear Elizabeth Nay-Scheibler,

I regret that you could not be present at our little Congress at Saignon last August. We went ahead to form a Association for the purposes described in one of the papers now enclosed. We decided also to incorporate in Switzerland, to open a museum somewhere, to publish a Bulletin, and to prepare a book. A preliminary outline of the book is also enclosed along with suggestions to the prospective authors. I hope that you can join the group with a contribution, if possible the title I there suggest then by a title more to your liking. Would you address me here at Saignon to tell me if you will cooperate? I shall be away in America for a few weeks but letters will be forwarded. It happens that I was chosen President of the Association, and as such I would appreciate any and all suggestions coming from you, whether on the book or on other matters: organizational, fiscal, or programmatic.

It is a pleasure to address you again, even if only by mail. I hope that my letter finds you well. Please give my best regards to your husband, also.

Sincerely yours,

Ayoub Defregia
